

This worksheet is designed for children to practice tracing and coloring. The central focus is the number '4', which is presented with a dotted line and red arrows to guide the student through its three strokes: a vertical line down, a horizontal line to the left, and a vertical line up. The number is enclosed in a decorative border. Surrounding the number are 20 identical line drawings of smiling apples with leaves, intended for coloring. A thick black line traces a path that starts at the top, goes right, curves down and left, and then curves around the number '4'.
